everyone has a story and aside from the sheer thrill of seeing your name in print there are many reasons why you might be champing at the bit to tell the world your tale you ve seen things you ve done things you ve learned things and you know someone somewhere will resonate with the narrative you have to share by publishing a book you can write your own legacy forever documented with an isbn number yet without any knowledge or experience the process of writing and publishing a book can feel daunting and overwhelming google certainly holds some of the answers but searching for an answer to every question can take hours and lead down rabbit holes searching for guidance is a waste of time when this book can offer a writer all the information she needs in one place inside this easy to follow guide writers can follow an in depth process for writing and self publishing a book no matter their age experience or budget aspiring authors will learn how to write edit format and self publish their first book plus so much more anyone with a dream of writing and publishing a book can make her dream come true by following the steps in this book

write your very own book and publish it the very idea is on most people s bucket list are you ready to start writing your own book do you need a bit of guidance to develop your book and prepare it for publishing it doesn t matter if you re penning a scary story or imparting information about a specific subject this book is for you sephera giron has edited over 600 books for various publishing houses her experience as an editor and as an award winning published author forms much of the advice contained in this must have manual

in 2013 johnny b truant and sean platt published 1 5 million words and made their full time livings as indie authors in write publish repeat they tell you how exactly how they did it how they created over 15 independent franchises across 50 published works how they turned their art into a logical sustainable business and how any independent author can do the same to build a sustainable profitable career with their writing write publish repeat explains the current self publishing landscape and covers the truths and myths about what it means to be an indie author now and in the foreseeable future it explains how to create books your readers will love and will want to return to again and again write publish repeat details expert methods for building story worlds characters and plots understanding your market right down to your ideal reader using the best tools possible to capture your draft and explains proven best practices for editing the book also discusses covers titles formatting pricing and publishing to multiple platforms plus a bit on getting your books into print and why that might not be a good idea but most importantly write publish repeat details the psychology driven marketing plan that sean and johnny built to shape their stories into products that readers couldn't help but be drawn into thus almost automatically generating sales and explores ways that smart business minded writers can do the same to future proof their careers this book is not a formula with an easy path to follow it is a guidebook that will help you build a successful indie publishing career no matter what type of writer you are so long as you're the type who's willing to do the work

most people have thought about publishing a book but the majority will never even begin writing one why the process can seem daunting conceptualizing writing editing formatting copywriting publishing and finally marketing it can seem like an overwhelming amount of work when you aren't sure what each step entails in this workbook you're going to learn all of my best practices so you can go from concept to published in 2 6 months pending on the length and style of your book with full knowledge of what to expect and what to do so nothing will stand in your way of becoming a successful author self publishing is an incredible avenue to get your work to your readers fast with widespread distribution that allows you to take the lion's share of the profits for the book you put all the work into creating with self publishing you're in control but that also means you are in charge of your own marketing campaign don't let that scare you away with social media and online sales booming you can reach your ideal reader audience easier and at much less cost than with traditional marketing you just need to learn how through this book you're going to learn how to brainstorm and develop a concept how to effectively begin writing your book how to create disciplined habits to finish your book how to edit format and polish your book so it's ready for publication why reviews are the life blood of self publishing and how to get them how to write an effective book description how to write a gripping back cover why your book cover is your most important investment how the self publishing process works best practices for ultimate exposure how to use inexpensive pay per click campaigns to drive traffic social media marketing free marketing practices inexpensive marketing options importance of an author web site to boost seo and much more it's time to write your book

if you have always dreamed of being a writer you can live your dreams by writing your own book and then self publishing self publishing is the way that many writers today are choosing to get their book out to the public self publishing today is not the same as it was years ago when you had to spend thousands of dollars to publish your book you can self publish a book for as little as 500 when you choose a good self publishing service online the first thing that you need to do is to know your genre the one rule of writing is that you should write about what you know if you have a specific genre that you read chances are that this is what you will want to write about take a look at your interests and the type of books that you read before you decide on your genre your book should never be just about making money it should be about something for which you have a passion there are many different genres available in both fiction and non fiction before you start your book have a plan of what it will be about and the genre it will fill you need to have a specific genre when you are writing a book so that you will be able to market it properly some books will cross genre lines such as paranormal and romance some books will fit neatly into a specific genre it should be clear what the book is about to the reader so that they will be interested in what you have written enough to buy the book most readers have types of books that they like to read and tend to stick to one or two genres if you are writing a non fiction book there are also genres you need to make your book stand out among the rest in a way that will set it apart from other books of the same genre

you can write and publish a book essential information on how to get your book published details the exact steps that you will need to take you from choosing a topic to the published book included in this new edition is a fun self assessment quiz that contains 99 questions which allows you to gauge your chances of becoming a published author

you have a book in you so you have thought over and over again about writing a book but it seems like a herculean task you do not know where to start or what to write you may even know what you want to write about but are not too sure of how to structure it you might have already written the book but not too sure of how to get it published and on what platform to sell well it is your lucky day because i have put this book together to make your journey from writing to selling a smoother and easier experience i have been through this journey myself and i am now a bestselling author so i am making this guide available to help you enjoy the same kind of success without the hiccups i went through i know a part of you will be a tad sceptical saying stuff like really is she having a laugh that is not possible etc i understand that but i assure you that using my proven method will forever change your writing and selling experience yes it is possible

everyone has a book in them we all know something that someone else would pay to learn about consider the number of books you have bought over the years to learn something you didn't know did it seem reasonable to have to pay for them of course it did perhaps you want to be an author for another reason want to become an instant expert want an autographed book to submit with a bid is writing a book on your bucket list there are lots of

reasons that people want to become an author the reality is that most people think nobody would buy their book and that it takes months or even years and lots of money to write one this is not true anymore the internet has reduced the publishing cost to zero in this book i reveal my 4 hour 5 step book writing process that will enable you to turn a book idea you have in the morning into a well organized book by the afternoon ready for publication i also give you access to templates and online tools to assist you to write and publish your book faster worried about marketing your book no problem amazon will market your book for free want to join the kindle revolution it s easy and free to publish for both amazon kindle and barnes noble nook book if you have ever thought about writing a book but didn t know where to start follow the five steps in this little book and you can be a published author in hours not months time is no longer an excuse we can all find 4 hours read the 4 hour book and become a published author fast keep smiling ron 4hourbook com this edition is printed in full color

there is no better business card than a book stand out amongst the competition improve your visibility your authority and your credibility the 48 hour author will show you how to take the content and ideas you already have and turn them into a beautiful edited and published book in 48 hours of total time invested learn from the 7 time authors thax turner bo bryant how they did and how you can do it too we know you have a book in you it s time to share it with the world

want to write and publish a book that actually sells you ve got a book idea maybe you ve even started writing but then self doubt procrastination and confusion creep in what if your book never gets finished what if no one buys it here s the truth most aspiring authors get stuck because they lack a clear plan that s why this book exists write publish profit is a 30 day step by step roadmap designed to take you from blank page to published author and show you how to market and sell your book successfully whether you re a first time writer or a self published author struggling with sales this challenge will guide you every step of the way what you ll achieve in the next 30 days write faster smarter master the 1 000 word a day system and break through writer s block publish like a pro format design and launch your book on amazon kdp without tech headaches and on more platforms get real book sales learn free and paid marketing tactics that drive sales even if you have zero audience build an author business turn your book into a long term income generating asset inside this book week 1 2 writing editing find a profitable book idea validate demand before you start writing overcome writer s block use battle tested strategies to stay motivated and productive edit like a pro master self editing techniques to refine your manuscript week 3 publishing step by step amazon kdp guide format and publish your book with ease design a cover that sells even if you re not a designer optimize keywords categories so your book ranks higher in amazon search results week 4 marketing scaling get your first 10 reviews ethically and quickly run amazon ads even on a budget increase visibility with as little as 10 day build an author brand create multiple income streams beyond just book sales who is this book for first time authors if you ve always wanted to write a book but don t know where to start self

published writers if your book isn't selling and you need a proven marketing plan experts coaches if you want to establish authority and turn your knowledge into income readers are saying a must read for any aspiring author this book gives you a clear action plan not just theory this 30 day challenge finally got me to finish and publish my book if you've been struggling get this now if you're ready to write publish and sell your book in just 30 days scroll up and grab your copy now

are you an aspiring author who would like to know how to publish a book well you have come to the right place whether it's a paperback or e book this is the only book you will need to make your dream of writing a book come true writing a good book compared to a bad one involves one thing work no matter how you approach it a great deal of time and commitment is required nevertheless seeing a book through to completion need not be a grueling task if you approach the process with a thought out plan it can actually be enjoyable there are many reasons that people would like to write a book what's yours defining why you would like to write a book is important on several levels first it helps you figure out how dedicated you will be to completing your writing project your writing project can be a short term or a long term project many aspiring authors have started writing a book but were side tracked because of unethical people who have led them down the wrong path in the publishing industry this book will help you get back on track and make your dream of writing a book come true this book contains all the ins and outs of the writing and publishing industry it was written for anyone who needs to know how the book industry works fiction and nonfiction writers with a book concept who need to know next steps writers with finished novel manuscripts who are starting to consider submitting to editors and agents writers who are currently submitting their work and not getting the responses they expected or hoped for and previously published authors who have been out of the game and need a refresher for the digital era writing as opposed to publishing requires almost no financial or physical resources a pen paper and effort are all that has been required for hundreds of years whether you're allowing a traditional publisher to produce your book or you're striking out on your own to self publish becoming an author can be a rewarding experience if you allow it to be

write publish repeat the no luck required guide to publishing in 2013 johnny b truant and sean platt published 1.5 million words and made their full time livings as indie authors in write publish repeat they tell you exactly how they did it how they created over 15 independent franchises across 50 published works how they turned their art into a logical sustainable business and how any independent author can do the same to build a sustainable profitable career with their writing write publish repeat explains the current self publishing landscape and covers the truths and myths about what it means to be an indie author now and in the foreseeable future it explains how to create books your readers will love and will want to return to again and again write publish repeat details expert methods for building story worlds characters and plots understanding your market right down to your ideal reader using the best tools possible to capture your draft and explains proven best practices for

editing the book also discusses covers titles formatting pricing and publishing to multiple platforms plus a bit on getting your books into print and why that might not be a good idea but most importantly write publish repeat details the psychology driven marketing plan that sean and johnny built to shape their stories into products that readers couldn't help but be drawn into thus almost automatically generating sales and explores ways that smart business minded writers can do the same to future proof their careers this book is not a formula with an easy path to follow it is a guidebook that will help you build a successful indie publishing career no matter what type of writer you are so long as you're the type who's willing to do the work what indie authors and thought leaders are saying i have a pretty popular blog on self publishing and i've written a couple of books on the topic myself meaning i've read a lot on the topic and come across lots of different strategies and approaches to building a loyal audience for my money this is the best book on self publishing out there david gaughran it's tough to find more honest and straight forward marketing advice than what you'll get from these indie authors jane friedman former publisher of writer's digest the most important book on self publishing i've ever read karol gajda consider it the most valuable guide book to publishing success jim kukral author marketing club you'll wish you could have read it years ago

writing and publishing your first novel is tough it usually takes a long time years for most people it can be soul destroying too you finally complete your manuscript you send off samples to agents and publishers and anxiously watch the mail for the responses then they come in one at a time rejection after rejection how do i know this i've been there does this mean i was a bad writer no but i could have used some help in those early days sure i had purchased a few books on writing and i had tried to pay attention to the advice they gave but there were so many of them and sometimes advice seemed to conflict other advice it was way too much to take in but i persevered with my writing and now i have been writing for several years and i have completed several novels and other books and my writing is a lot better my early novels could still do with some major re editing which they will be finally getting this summer but my later works oh wow i can spot the differences so a few months ago i decided i would go the self publishing route to getting my books out there in the big world things are changing in the book markets and so many people now have kindles and nooks and ipads and other electronic book readers i thought to myself why not do it myself i know i can write i have that confidence enough complete strangers have told me they like what i write so why shouldn't i join that list of published authors and why should i have to wait for some agent or publisher to take a chance on an unknown author before i get published so i did it and now i have the story to tell and the method you can use to generate your own success this ebook is a series of essays solely concerned with improving your writing skills and getting your first novel successfully self published it is written in a way that you can keep dipping into it and keep coming back to parts of it time and time again it is concise and to the point and it is written from experience thousands of hours of experience every essay in this book is relevant and has a purpose every essay will give you pause for thought can i turn you into a bestselling author no only you can do that but i can set you

on a path to success i can give you clear guidelines about what not to do and how to do things better and i can tell you exactly how to self publish that novel this ebook takes your novel from the beginning and leads you along a path of self discovery when you have finished reading you will be writing for success and be someone who has a better chance than most every other wannabe author out there of becoming the next tom clancy jk rowling stephen king or whoever else is your writing hero good luck essays 1 don t start the story at the beginning 2 become a successful writer in 2 000 hours 3 poems and short stories 4 creating a good plot 5 how long should a first novel be 6 writing in the first person 7 writing in the third person 8 dialog versus narrative show versus tell 9 writing your first novel words routine 10 conflict and its importance 11 plot pace 12 creating believable and well rounded characters 13 writing dialog or he said she said 14 creating a page turner 15 letting the book cook 16 self editing your novel 17 the process of pre reads 18 creating a world of fantasy 19 how to write self publish a novel the end to end process checklist 20 creating a writing environment without interruptions 21 reading to write 22 encouraging all would be authors 23 the self publishing process the complete a z instructions 24 marketing your novel the relevance of social media arcs and book bloggers

many individuals go throughout life questioning concepts of how to do many things countless times search engines like google have been searched to assist individuals in obtaining information but never truly providing a solution two questions that consistently arise are how to write a book and how to publish a book in knowing these common questions this book provides the answers that individuals are looking for as a consolidated reference how to write and self publish a book minimizing costs while increasing profit is a strategic way for any aspiring writer to not only get their ideas on paper but to provide training and guidance that assists them in following through to complete the process of publication this easy to use guidebook assists all individuals in successfully writing and publishing any formal document through an easy to use step by step process that saves the headache of wondering how and eliminates the hassle of dishing out hundreds to thousands of dollars to pursue a dream don t wait any longer this guide will allow you to follow through in your dreams of publishing your children s book novel series cook book and other works
